Important Notes

- In order to promote safety and consistency, changes to student transportation are discouraged. They should only be done when necessary due to child care or parent work responsibilities; not simply for convenience.
- Requests for transportation change must come from a parent or guardian of the child. Preferred method is by sending a note to school, sending an email, or if necessary a phone call.
- A request for a one-time daily transportation change should be made as soon as possible to the respective school office, but no later than 2:00 p.m. Daily changes to drop-off/pick-up location are only allowed to already-established bus stops.
- For permanent changes to your child’s transportation plan, please allow a minimum 24 hours in order to adjust routes and notify all relevant parties. These changes should be made in writing by filling out this form.
- For questions about busing and transportation, or if you require a more detailed plan, please contact Jennifer Mickelson at 715-263-2117 ext. 2415 or at jmickelson@clwarriors.org.
